PROFESSIONAL SUMMARY

MSc Data Science candidate with hands-on experience in data analysis, SQL, machine learning, statistics, and data visualization. Skilled in Python, IBM Cognos, and modern data science tools to support business decision-making through dashboards and statistical analysis. Quick learner with strong analytical, communication, and teamwork abilities seeking a data-driven role.

PROFESSIONAL EXPERIENCE

Business Development Executive (BDE) | *Aptus Technologies* Present

- Generate and qualify business leads through outreach, follow-ups, and prospect engagement.
- Communicate with prospective clients to understand requirements and present relevant products or services.
- Maintain regular follow-ups with prospects and support the sales pipeline from lead generation to conversion.
- Coordinate with internal teams to ensure timely responses, client support, and smooth business development activities.

EDUCATION

GITAM (Gandhi Institute of Technology and Management) Hyderabad, India

MSc in Data Science | CGPA: 6.8

Pragathi Mahavidyalaya Hyderabad, India

BSc Electronics & Computer Science | CGPA: 8.41

TECHNICAL SKILLS

- Core Analyst Tools: Excel (PivotTables, Lookups, Charts), SQL (Windows functions, Joins, Aggregations, Subqueries), Tableau (Dashboards, Storytelling)
- Programming: Python (Pandas, NumPy, Matplotlib, Scikit-learn)
- Visualization & Reporting: Tableau, IBM Cognos, Matplotlib
- Data Fundamentals: Data Cleaning, EDA, Statistical Analysis, Data Mining, Database Management
- Languages: English, Telugu, Hindi

PROJECTS & INTERNSHIPS

IoT-Based Blockchain System for Farm-to-Fork Traceability

- ESP32 + DHT11/MQ2 sensors for real-time temp, humidity, and gas monitoring in food storage
- Decision Tree classifier on 300 sensor records predicting Safe / Risk / Spoiled with high accuracy
- EDA via correlation heatmaps and pair plots confirming gas concentration as strongest predictor

Data Analysis Internship | *AdroIT, Coimbatore*

- Performed structured data analysis on business datasets using IBM Cognos and Excel to identify trends and patterns
- Created interactive dashboards and reports using IBM Cognos and Tableau, making insights accessible to stakeholders
- Delivered actionable insights supporting executive decision-making and business strategy

LEADERSHIP & ACHIEVEMENTS

- NCC 'A' Certificate — Recognized for leadership and discipline (National Cadet Corps)
- Best Excellence in Social Impact Award — Planning Lead, CHARAVETI Club, GITAM University
- National Special Water Sports Adventure Course — Govt. of Himachal Pradesh (NSS)

CERTIFICATIONS & WORKSHOPS

- CyberDevX Cybersecurity Workshop
- National Workshop: Exploring Modern AI - From NLP to Cognitive Intelligence
